Starr Pleads Not Guilty; Remanded for Trial

Henry A. Starr, former policeman, pleaded not guilty yesterday to charges of manslaughter, embezzlement and larceny after arrest. He was arraigned before Justice Gould, in Criminal Court No. 1. He is charged with shooting to death Leo A. McLeod, 7 years old, July 9, an automobile in which McLeod was riding falling to some stop when ordered to do so by Starr, who was on police duty in main clothes.

The other charges relate to the misappropriation of funds, the property of The Liggett Drug Company and Martin Schwartz. He was remanded for trial.

 T. Fletcher Dennis, chief of the law division, Bureau of Pensions, left on Tuesday evening for a trip to Georgia on official business.

All the allied and associated governments are said to be merely sympathetic toward this recognition, but it is admitted that the recent reports of the progress of the Siberian or Omak government indicated that the question of recognition is near. This recognition, it is understood, will at once solve the problem of bringing home every American soldier now in Siberia. Recognition would demand as antecedent that Siberia would be in position to take care of her own railroads.

Miss Joan Farrar and mother are traveling in Florida, but will shortly return to their home in this city.

Miss Lelia Price, of the Alaskan Engineering Commission, is on annual leave.

C. M. Saltzberg, Commissioner of Pensions, has lately returned from an extended Western trip, during which he attended the G. A. R. encampment at Columbus, Ohio.

Miss Mary J. Van Hook, of the appointment division, Secretary's office, who has been absent on account of illness, is reported as improving.

Mrs. William I. Denning left the first of the week for her former home in Georgia, near Macon, and will not return until the last of the month. Mrs. Denning will attend the U. S. C. convention in Atlanta this week.

Avon Nevins, of the Riggs National Bank, and bride, are attending the bank clerks' convention in New Orleans.

A. K. Meek, of the Pension Bureau, returned last week from a visit to his brother, Dr. G. M. Meek, of West Chester, Ohio.

Franklin Barr, of the chief clerk's office, Interior Department, who has been on annual leave, returned to duty on Tuesday.

Arthur Scott Cranston, United States Shipping Board, left yesterday for Boston, Mass.

Maj. Lenox R. Lohr has been relieved from duty in the office of the Chief of Engineers, and has been ordered to Camp Humphreys, Va., for duty as instructor at the Engineer School.

Col. E. W. M. Gregg, military secretary of the Prince of Wales, arrived in Washington yesterday to arrange for the visit here, in November, of the Prince of Wales, Col. Gregg, who has taken a suite of rooms at the New Willard, is accompanied by Lieut. H. Moore E. Bispham, of London, and E. J. Chamberlain and S. Spry, of Montreal.

Mrs. John D. Rockefeller, Jr., of New York, daughter of Senator Aldrich, has joined her husband at the New Willard and will be here for several days.

ARREST FIVE FOR EXPRESS THEFTS

Detectives Claim to Have Terminated Series of Daylight Robberies.

Five negroes were arrested by detectives yesterday, terminating definitely, they claim, a long series of daring daylight robberies from express wagons.

Fred Tilghman, 623 T street northwest, and Samuel Benjamin Cole, 1835 T street northwest, are charged with receiving stolen property. Tilghman deposited \$1,500 bond at the First precinct. Cole gave \$3,000 as bond.

The other men, the police claim, were the actual participants in the robberies. They are charged with grand larceny, each with four of these charges against him.

The men are Jesse F. Hall, 608 N street northwest; Barnes G. Robinson, 2007 Twelfth street northwest. The men, operating as a band, began their depredations last May, detectives stated last night.

The practice of the men was to steal up on an express company's wagon in an automobile. While the driver of the wagon was delivering orders, one of the thieves would take a number of parcels from the wagon. In their high-powered automobile they would speed away.

Then, the detectives say, seemed to possess an uncanny faculty for distinguishing valuable goods in an array of plain packages.

Kolchak Must Win to Get U. S. Recognition

It was stated yesterday on authority that the United States will not recognize the Kolchak government unless it demonstrates its ability to stand alone.

All the allied and associated governments are said to be merely sympathetic toward this recognition, but it is admitted that the recent reports of the progress of the Siberian or Omak government indicated that the question of recognition is near. This recognition, it is understood, will at once solve the problem of bringing home every American soldier now in Siberia. Organ Recital Brings Out Music Lovers

Music lovers flocked to the Central High School last night to hear the opening of a series of public organ recitals conducted under the

auspices of the community and civic department of the public schools. Miss Edith B. Athey, of the music department of the schools, was the organist.

Other performances will be given October 14, November 4, November 11, December 2 and December 23.

MISS EDITH B. ATHEY

Representing the employees at yesterday's conference were R. T. Motley, chairman of the committee; J. W. Green, J. F. Magruder, Frank Bowler, J. N. McWright and James L. Lantry, international vice president of the Amalgamated Association of Street Railway Employees. The company was represented by President W. P. Ham, Vice President S. R. Bowen and J. S. Barbour, counsel for the company. Charles P. Howard, labor conciliator of the Department of Labor, sat with the conference in the place of President Herbert Hoover, who was detained, being appointed temporary secretary of the industrial conference.

The United States Shipping Board has undertaken to make inquiry into allegations that British sailors and others in English navy service now interned at Ellis Island are not being treated properly.

The question came to the State Department two or three days ago, it is understood, on complaints of local British authorities that the conditions needed attention. The men are largely for the purpose of manning the Imperator and the other German vessels which are held at New York on the orders of the Shipping Board, contrary to the British contention that they should be turned over to Great Britain by the War Department.

An agent of the Shipping Board, consequently, was sent to New York yesterday and will probably confer the earliest possible time with the authorities at Ellis Island and settle the disputes.

AGE AND YOUTH IN CONGRESS

Uncle Joe Cannon is still on the boards with his black cigar, despite his service of twenty-two terms in Congress. And here is the dean of Congressmen with one of the newest Representatives, Representative King Swope, of Kentucky, a veteran of the great war.

FOREIGN BUSINESS MEN TO BE HERE OCTOBER 30

Washington business men are preparing to welcome a committee of manufacturers and business men from England, France, Italy and Belgium who will visit here probably October 30.

The United States Chamber of Commerce, host to the foreign capitalists of industry, said the committee will arrive here after first visiting New York, Atlantic City, Philadelphia and Baltimore.

The Washington Board of Trade and the Chamber of Commerce will tender a reception to the visitors.

Two Dead and \$1,500,000 Destroyed in Big Fire

Baltimore, Md., Oct. 7.—Two men lost their lives, another barely missed death when he was cut off from land on the end of a burning pier, and property worth \$1,500,000 was destroyed in a fire that swept the plant of the Standard Guano Company, at Curtis Bay early today. The bodies of the dead men, both negro employees, are buried in the debris.

The man caught on the end of the pier, was taken off by a tug, the master of which risked destruction of his craft by coming alongside the burning pier. Several small schooners were damaged. A series of explosions shattered windows in houses several miles from the plant. The origin of the fire has not been determined.

Allege Error by Court in Testing Gas Rate Case

That there were three assignments of error by the court is alleged in a brief filed in the Court of Appeals yesterday by attorneys for Sam Goodman and William Hollis, who are testing the validity of the 55 cent gas order of the Public Utilities Commission. The decision against which they are appealing was rendered in the Supreme Court of the District of Columbia by Justice Bailey, who dismissed their application for an injunction against the commission.

It is probable arguments on the appeal will be made next December.

District Court Admits 154 Candidates to Bar

On motion of Attorney John Paul Earnest before the Supreme Court of the District, 154 candidates were admitted to practice yesterday.

Six of the number were women and thirty-three were lawyers who practice in other jurisdictions. Justice Siddons welcomed the new lawyers into the realm of practice.

He said: "The great lawyers of all countries thought less of financial gain than of the great principles of justice which they helped to formulate and uphold."

Post to Deliver Address.

Denis A. McCarthy, poet and lecturer, of Boston, at present connected with the Washington office of the Knights of Columbus Committee on War Activities, will make the principal address at Moncton, N. B., on Columbus Day, October 12. Mr. McCarthy has a special interest in early American history, and is the author of a poem called "The Dream of Columbus."

CARFARE BOOST TO AD SALARIES

Increase of 3 Cents an Hour To Men Depends on Increased Revenues.

Washington Railway and Electric Company employees were offered an increase of 3 cents an hour, retroactive to October 1, in lieu of the demands of its employees for a wage increase of 50 per cent at a conference yesterday between officials of the company and a committee representing the employees of the company. As an alternative to the proposal of an increase of 3 cents an hour it was suggested to the committee that the entire matter of pay increases be left to the Public Utilities Commission for decision.

Officials of the company made it plain to the employees' committee that the increase of 3 cents an hour, proposed by President Ham, was dependent on the Public Utilities Commission granting the company sufficient relief in increased revenues. If such relief is not forthcoming, President Ham informed them that it would be impossible to grant an increase in wages to the employees.

The employees will hold a meeting sometime during the coming week and at that time the propositions of the company officials will be voted upon. Should either or both of the propositions be rejected it is probable that a strike may ensue which will, at least temporarily, tie up the entire system of the Washington Railway and Electric Company as well as the Potomac Electric Light Company.

President Ham stated that if the employees decided to accept the offer of an increase of 3 cents per hour, dependent upon the measure of relief afforded the company by the Utilities Commission, he would ask the board of directors to make it retroactive to October 1, disregarding the fact that such action would sustain a loss to the company. Mr. Ham also stated that the board would undoubtedly favor this suggestion, provided the Public Utilities Commission would approve the company's application for financial assistance within two weeks.

Representing the employees at yesterday's conference were R. T. Motley, chairman of the committee; J. W. Green, J. F. Magruder, Frank Bowler, J. N. McWright and James L. Lantry, international vice president of the Amalgamated Association of Street Railway Employees. The company was represented by President W. P. Ham, Vice President S. R. Bowen and J. S.
